C- VIDEO SHOOTING REQUIREMENTS

All videos must be made in an indoor or outdoor Gymnasium or safe place arround, 40m x 20m

Each video size no less than 400 Mo, no more than 900 Mo

If the skater is too small on the picture or too big (don't see the whole body, especially the feet) the element will not be called and therefore not counted

Video camera or smartphone must stand on a **fixed** place in the center of the long barrier, at the judge place.

Use of the zoom is compulsory

Only one skater/pair performance on each video

- There must be **one shot only** with no stop, (no cut in the video), like in a regular competition. The « rink » must be secured for the shooting. (If someone disturb the shooting or the skater it will not be possible to restart).
- The recording can be made with any kind of camera, smartphones are ok, as long as the quality of the picture and the zooming is sufficient (the skates must be at all time clearly visible, particularly at the jumps' landings).
- Framing of the skater must be no more than the top 2/3rd of the picture (a), the 1/3rd below the skater must be the floor (a). Framing of the skater cannot be less than 1/3d of the picture (b).
When the skater is too far, use the zoom and when the skater is too close, preference should go to the feet.

Maximum (a)

Minimum (b)

- The video shooting must be made on the date at time of the appointment.

Procedure for recording the video

Fixed center of the long barrier (judge place), camera on all the time :

- 1) To the camera the skater must show using any mobile phone the date and time of the shooting and say her/his name.
- 2) Directly the skater goes to it's starting place
- 3) The music is played **loud enough** to be correctly recorded and the skater execute the program till the end
- 4) At the end of the program stop the recording and send it for upload, the date and time of the shooting will be recorded.
